

Marital Crisis Plan Questionnaire

***Goal:** To gather data and encourage a biblical plan moving forward in marital conflict situations. It may be wise to meet individually with the husband and wife first depending on the situation.

Listen to each individual's story behind the crisis (Proverbs 18:13).

1. What are your goals/plans in the current situation? Do they align with God's goals/plans?
2. What is your interpretation of the other person's perspective about the situation?
3. What types of things have occurred to move you toward God's goals?
4. What types of things have occurred to move you away from God's goals?
5. What are the areas that each of you believe need to be addressed for restoration to take place?
6. What is the plan to reach God's desired goal of restoration?
7. Has there been a demonstration of Genuine Repentance? (2 Corinthians 7:10-13)

8. What steps can we taken over the next month that would move us in that direction?
9. When can we meet again to discuss the personal progress that we hope to see being made toward restoration?
